Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

Item 7 - Other reasons for holding abandonment: On 11/7/06, the applicant filed an amendment without arguing any of the actual rejections issued in the non-final. The principle argument provided within that amendment stated that the interview requested with the RCE was not provided and hence the non-final issued was improper and should be withdrawn. The examiner called the applicant on 11/7/06 notifying them that a non-responsive was being sent (which was mailed 1/24/07) and that the examiner still failed to receive an agenda for the interview. On 8/2/07 the office received an interview agenda but still no arguments to the non-final. In addition, the date on the agenda filed is stamped as being received on 8/2/07 which, is past the 6 month due date.
